AORUS MASTER 16

# GIGABYTE™

GIGABYTE TECHNOLOGY CO.,  
LTD.

技嘉科技股份有限公司

### Winning Reason

The AORUS MASTER 16 is equipped with the latest Intel Core Ultra 200HX series processor and NVIDIA GeForce RTX 5090 graphics chip, providing powerful AI computing and ray tracing technology that elevates gaming and creative experiences to new heights. The 16-inch OLED display boasts a 240Hz refresh rate, 100% DCI-P3 color gamut, and HDR support, delivering vivid visual effects. It features WINDFORCE Infinity EX cooling technology and an efficient dual-fan design, ensuring stable performance and comfortable operation.
