

## Sustainable Tech Special Award Digital Health

### Mobile Medical AI Workstation on Wheel

Wincomm Corporation  
中美萬泰科技股份有限公司

### Winning Reason

### Product Feature

Next-Gen Smart Mobile Healthcare Platform Elite Performance & AI Ready: Powered by Intel Core Ultra (22.5 TOPS AI power), delivering a 300% performance boost. Features proprietary i-Control thermal technology for fanless, silent operation. Pioneering Power Management: Industry-leading side triple hot-swappable batteries provide 12+ hours of uninterrupted power. Includes a smart remote monitoring system to optimize battery life cycles and reduce maintenance costs. User-Centric & Clinical Safety: Lightweight (<9kg) with an antimicrobial housing and IP65 waterproof front bezel. Features "Clean Me" mode for instant disinfection and 1.5KV isolation to ensure electrical safety (MDR/UL 60601-1 certified). Eco-Friendly & Versatile: Built with PVC-free materials, meeting Energy Star and RoHS.
